ASSOCIATION OF INNER WHEEL CLUBS IN GREAT BRITAIN & IRELAND

Roborough Inner wheel Newsletter June/July 2024

Yet another Inner Wheel year is over. We look forward to working together within the local community and enjoying the friendship that abounds within the group. It has been said that Inner Wheel is the quiet society so hopefully this year we will make ourselves known and our voices heard as we go about raising money for the chosen charities both national and local.

We welcome Penny to the Committee as our International member.

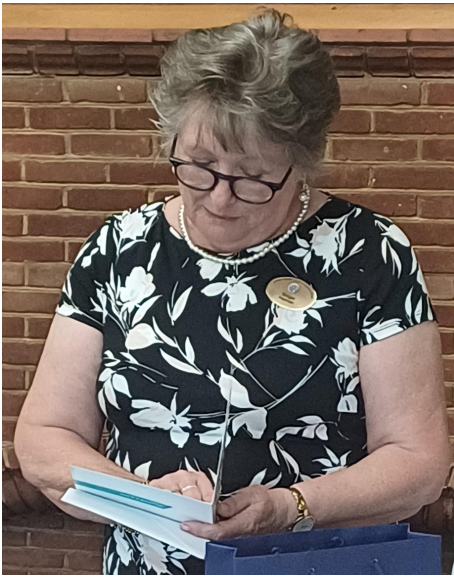

Out with the old and in with the new. Looking forward to a brilliant year with Debbie at the helm.
